

Are you all in tune.

Are you all in tune?
Lol's voice would ring across the floor
Let me here you play a c
Out of tune? no not me!

It's Monday morning where mor-ukes meet
In long Newton once a week
Ukuleles at the ready
All tuned up and ready to play
Not too fast, now take it steady
Go on Geoff take it away.

Harmonicas are included
Neil and Roy are waiting to go
With Wise cracks at the ready, Oh what a show
Trevor and the guide dog, with his kazoo ready to blow
Maxine with her trumpet, listen how she goes.

Who shall we have for a solo today?
Carol b and Maggie, that's who
Paul running around with Sue
So sad but true.

Steve on the drums how he can play
Ann on the glockenspiel she's playing away.
Sheila on base adding to the sound
Let's get going and play a round!

Pat, Janet and carol c happily strumming along
With tony, John, Keith and David joining in the throng
Norman is recording our song
Making us sound good, he doesn't take long.

Jenny, Christine and Jane on backing vocals
Gives finishing touches to our song
Adrian singing shot gun
With The rest of us singing along.

Each one of us has something to give
That makes our band special that we can relive
Our thanks go to Lol and Max
For helping keeping us on our tracks

Someday soon we will stop being on mute
And we shall meet again
Our voices will ring with laughter
And we shall sing for ever after.
